

A Prayer and a Prophecy: the Future Secured
Daniel 9:20-27
Pastor Conley

Review:

The primary thrust of this message is the certainty of God's plans being fulfilled and the high value He places in our praying to Him. Daniel's prophecy is written to give us hope, and that hope is found in Christ. Messiah is central to the restoration of Israel. This is another way of seeing that Jesus is the Savior in all things.

Outline Review:

- I. A prayer for Israel's restoration answered.
- II. God's plans will be accomplished.

Application:

1. What was Daniel doing in vs 20? Why is this significant? What are some applications for us?
2. What is a prophecy? What are some prophecies that have already come to pass? How do these fulfilled prophecies give us hope for the unfulfilled ones?
3. Do "end times" topics ever scare you? Why? What should be our response to end-time events?
4. Who is at the center of all prophecies?
