

Angel View
Daniel 10:1-11:1
Pastor Conley

Review:

As Daniel begins to predict future events in a plain way (without symbols), he gives us a glimpse behind an invisible curtain into the angelic world. This chapter opens our eyes to the angelic life.

Outline Review:

Viewing the Angel world shows us...

- I. Glorious power
- II. Truths to be learned
- III. The reality of spiritual war.

Application:

1. Is the material world really the “real” world? Why do we view life only from a material standpoint?
2. What do you think of (picture in your mind) when we talk about the spiritual world? Maybe something from a movie or book? Perhaps something by C.S. Lewis or J.R.R.Tolkien?
3. Which will last longer—the temporal world or the spiritual world?
4. What is the “job” or role of an angel? How should it make us feel/think knowing that we are not alone in serving God, and that we have coworkers in the spiritual realm?
5. In what ways is the function of angels an expression of God’s care for you?
6. What is really going on behind the scenes of earthly kingdoms and current events?
7. How are we involved in this spiritual warfare?
