Bible Translations Today

- 80+ translations in English today
- Generally based on a single eclectic text of the Greek NT, and on the Masoretic text for the OT
- Two Modes of Translation: Formal Equivalence & Dynamic Equivalence

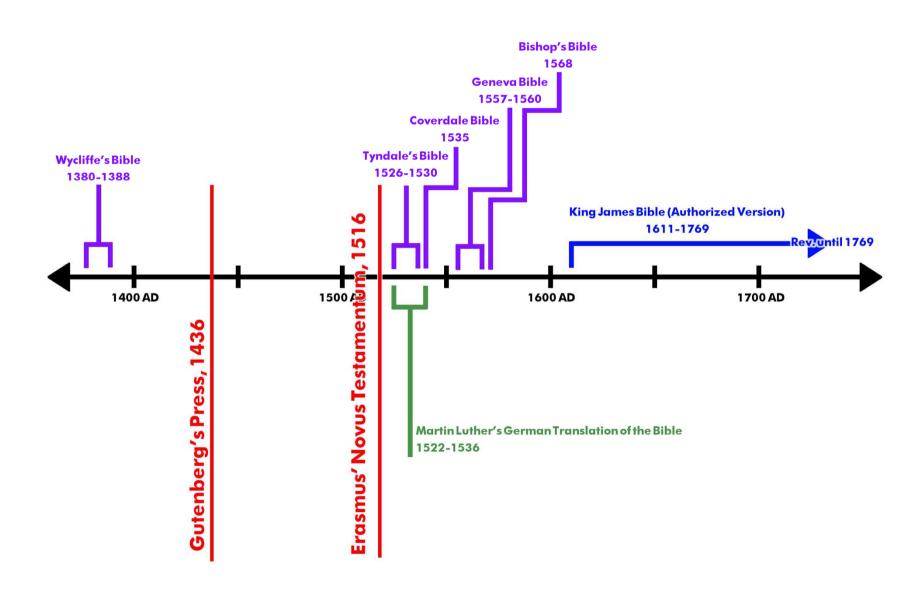

Formal Equivalence

- Seeks to maintain all forms from original language into the receiving language
- Concordance

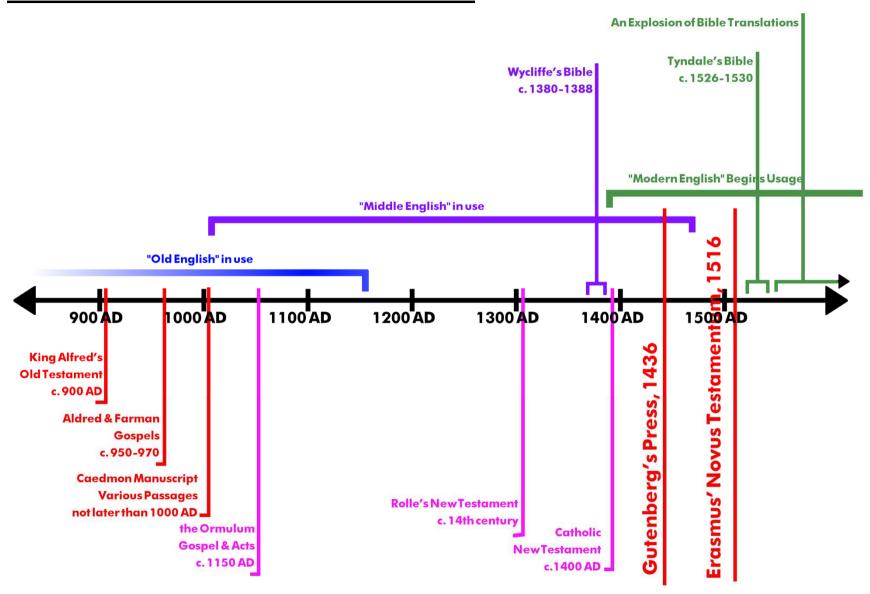

Dynamic Equivalence

- Seeks to obtain an "equivalence of response" in the reader of the receiving language
- Culture, style, and education of the reader
