

Message Title: Considering God's Schedule Pt-14

Theme: Part 14 opens with a personal soul searching question between the individual and their Maker that reaches the depths of a believer's heart and exposes the depth of the love of God. Then it moves on into more details of how the brightest day and night may be part of removing the curse on all of nature. Then it begins to consider the next major change to the earth when Jesus brings forth Living Water and how that will bring more change to the earth.

As these messages continue to focus on the Creator, believers who have listened through the series may find their attitude about God changing. This is the testimony of several who have noticed that their appreciation for the beauty in nature has changed from an admirer of art to one who is related to the Artist. The awareness moves from entertainment into love and respect for one capable of making such splendor. The sunsets no longer just excite our senses but open us to the realization that the same one who saved us and provides for us is the true creator of everything.

The more we understand about God the more we feel like David did when he wrote in Psalms 33:8 "Let all the earth fear the LORD: let all the inhabitants of the world stand in awe of him". This awe is fear mingled with admiration or reverence. It is not the fear that non believers feel at the thought standing before a holy God, but is like a child who becomes aware of a loving parent that knows all of their shortcomings and yet their love continues to show mercy without approval of their actions.

Each step into this reality changes us and our relationship to God. The explanation for this is in 2 Corinthians 3:18 "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord.

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, ***“And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me”***. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life is, knowing what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again". He describes it like application of (2 Corinthians 3:18), "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, ***even*** as by the Spirit of the Lord". Truly a life changing experience as God increases and we automatically decrease.
