

Message Title: Fearfully & Wonderfully Made Pt-4

Theme: This continues to describe the unseen connection from a sound source to the ear. The invisible air molecules that conduct the complex vibrations that allow us to speak and hear are another miracle that we take for granted because we can't observe what is happening.

Sound waves are similar to ripples in a still pool from a small stone that travel outward and then return when encountering objects or shore lines, without actually creating a current flow in the water. Accept that the very elastic and invisible air molecules allow the sound waves to travel outward in every direction at the same time and return as echoes from encountered objects, all at different times. This creates an innumerable number of waves from a single vibration moving our eardrums, but there is more. Not only are there a myriad of intentional waves created in speaking but the air is filled with many other sounds from nature and equipment also. All of these vibrations are separated by our amazing ears and sent to our brains to be interpreted.

All this had to be part of God's design before He began to create, but just like children who are focused on themselves we don't think about these things being the result of the phenomenal creation that we live in, or why we are here.

Salient Points: A memorial in the eyes of a child, Made to impress, God's hidden purpose, All for God's glory, Praise vs gratitude, The volume frequency and duration of sound, The range of hearing, God's words really matter, Required genius in design, The sensitive ear, Why seek, Inflation, Seeking in the right places, Made to be impressed, In God's amazing presence, Made for His pleasure, What's in it for God.

To See More Information: Search the internet for "The multiplicity of sound waves in air".

Series: Our Timeless Creator, Remastered – 1097

Sub Series: Our Timeless Creator 8-16-09

Scripture: Ps. 139:14

Key Words: hidden, seek, praise, gratitude, volume, frequency, duration, sound, ear, hear, range, words, creation, genius, design, sensitive, made, impress, presence, pleasure, air.

~~~~~  
The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may

stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, "***And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me***". Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life is to know what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again". He describes it like application of (2 Corinthians 3:18), "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, *even* as by the Spirit of the Lord". Truly it has been a life changing experience as God increases and we, without trying, decrease.
