

Responding to Evolution

(Pastor John Brackbill/3.18.12/Genesis 1:1-31)

Evolutionary Foundations

- _____
- _____
- _____
- _____
- _____

Evolutionary Blind-spots:

- How does randomness produce _____?
- How does complex come from _____?
- How can irreducibly complex biological systems _____?
- Where did _____ come from?
- Where did the _____ come from?
- Where did the _____ of this expansion in the big bang come from?

Evolutionary Rebellion

- _____
- _____

Evolutionary Religion

- True science is known to have these elements: Observation, _____, falsifiability, _____.
- There are certain presuppositions that underpin the evolutionary theory:
 - There are only natural things, nothing _____.
 - Therefore, there must be no God.
 - Therefore, I am not accountable.
 - Therefore, I will prove that these (pseudo)scientific _____ are so.

Evolutionary Ramifications

- There is no absolute _____
- The vulnerable are _____
- The human is a biological _____
