

Message Title: 1102 Fearfully & Wonderfully Made, the Ear Pt-9

Theme: This message starts with why it is important to study the things that God has created, and then it picks up the study of the ear, as the middle ear is discussed.

In Romans Chapter One it says that God may be understood by the things that He created. “For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, even his eternal power and Godhead; so that they are without excuse:” Then in the next verse it explains what happens to those who reject the glory that God reveals through it. “Because that, when they knew God, they glorified him not as God, neither were thankful; but became vain in their imaginations, and their foolish heart was darkened.” First they take things for granted and lose all their appreciation. Then they dismiss the origin and imagine it is all from a huge accidental explosion that happened in an absolute vacuum. If that weren’t bad enough, then God removes their understanding so that no amount of logic or proof will help them understand.

In the modern church we have a similar problem. Little to no attention is paid to considering how God may be better understood from studying His creation. Instead we go through life asking God why, and wondering how a holy God can let bad things happen to innocent children and really good people.

What God makes clear in studying his creation is that the phenomenal genius required in designing our universe leads to a greater appreciation of the Creator that’s responsible for everything He has made.

King David realized God’s genius when he wrote in Psalms 139:14 “I will praise thee; for I am fearfully and wonderfully made: marvellous are thy works; and that my soul knoweth right well”. Then later on he wrote, “Great is our Lord, and of great power: his understanding is infinite”, In Psalms 147:5.

Our problem is why modern churches are not interested in teaching about the Creator’s genius. Instead they leave that the responsibility to God denying evolutionists to teach their vain imaginations as the explanation for everything. No wonder believers go through life fearful with little faith and wondering why God doesn’t answer more prayers and do more to stop evil.

Salient Points: How to know God better, Things hard to understand, In opposition to God’s ways, Without excuse, Learning to appreciate God, Judging by our own standards, Faith by hearing not by experience, Looking for the miraculous, Doing what God says, Understand to be able to appreciate, God’s genius taken for granted, Three more parts, Seeking the genius, How the bones grow, Made with protection, Imagining the genius, Incredible parts, Design that works in relationship with the whole.

~~~~~

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, *"And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me"*. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life is to know what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again". He describes it like application of (2 Corinthians 3:18), "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, *even* as by the Spirit of the Lord". Truly it has been a life changing experience as God increases and we, without trying, decrease.
